BRINGS SUIT FOR DAMAGES

Mrs. Grace Kelso Asks \$15,000 From Her Mother-in-law.

Charges Her With Alienating Her Husband. John Kelso's Affections.

Mrs. Grace Kelso today through her attorneys, Wickens & Osborn, of Greensburg, filed suit in the Rush circuit court against her mother-in-law, Mrs. Eliza Kelso, of Richland township, for \$15,000 damages, alleging that she alienated her husband's—John Kelso—affections.

It seems that Mrs. Eliza Kelso objected strongly to her son's marriage to the young woman and according to the complaint did after the marriage had been performed on April 3d, 1904, immediately contrived to bring about a separation.

The plaintiff, in her complaint, charges that the defendant wrongfully, wickedly, maliciously and unjustly intended and contrived to do her harm and to injure her in her husband's eyes.

According to the charges in the complaint the defendant tried to deprive the plaintiff of her husband's society and protection, and to deprive her of his love by tempting him to abandon her and live separately. This, says the complaint, did occur on July 14th, 1904, almost within five months after the couple were married. The defendant says that she suffered great anguish, pain and mortification on account of the separation, and she asks \$15,000 damages.

MAY BUILD A NEW PARSONAGE

Catholic Church Record For Past Year is a Fine Showing.

At the morning services at the Catholic church yesterday morning the annual statement was distributed. The figures showed the total revenues for the year as being \$5007.36, and the disbursements as being \$3288.41. This leaves a balance on hands of \$1718.95. The indebtedness of the church is about \$500. As mentioned in the Republican sometime ago a fine new altar will be built and will be in position in the church by Easter Sunday.

At the conclusion of the services Sunday morning the congregation held a meeting and discussed the building of a new parsonage and it is very probable that one will be built soon on the site of the present one which will probably be moved to the rear of the church for the use of the Sisters.

BANKER PLACED UNDER ARREST

The suit of Claude Grubbs against the town of New Castle for \$7000 damages, has been followed by the arrest of William Pence, president of the Citizens' State Bank and the town's wealthiest citizens, on the charge of violating a city ordinance. Pence gave bond for his appearance and his trial was held today. Pence owned the lot where Claude Grubbs fell and suffered injuries which promise to be permanent. The council had an ordinance to compel property owners to protect vacant lots and had notified Pence to place a railing alongside his lot, but he had failed to do so, and the accident resulted.

ALLEGED ROBBER WAS RELEASED

Charles Ward, of Laurel, Who Was Arrested May Not be Guilty.

Chas. Ward, the young man of Laurel, who was pointed out by the blood hounds in the chase for a clue to robbers in that town and afterwards arrested, is reported to have been released from custody. It was learned that young Ward was arraigned before the Justice of the Peace Friday morning and after a rigid examination, it is understood, that there was no evidence obtained that would convict him and in consequence he was let go. Two detectives, it is said, were called from Cincinnati and are now working on the case.

NEW ADDITION TO RUSHVILLE

Theodore Abercrombie Will Lay Off a Plot of Ground North of Town.

Theodore Abercrombie, who owns considerable land adjoining the city on the north, has decided to lay off an addition to the city in his large field, west of the road which joins Main street at Eleventh street. There has been many lots in that city, but the demand is still great and this has led to Mr. Abercrombie's decision.

His addition will be bounded on the south by Eleventh street and on the East by Main. It will extend as far west as Harrison street and will lay two blocks north. The lots will be 165 feet by 55 feet front and will number six to the block.

Mr. Abercrombie now has the field planted in oats, but he expects to begin work on his plot of ground in the fall. The land will be surveyed at that time, streets and alleys built and graded and trees planted. Each lot will be staked off so that the purchaser will know just what he is buying.

ANOTHER EXPERT TO EXAMINE THEM

Books of the Equitable Building Association are at Shelbyville.

The books of the Equitable Building Loan and Savings Association which is insolvent, have been turned over to A. L. Guthrie, of Shelbyville, by Alvan Moore, receiver for the company. Mr. Guthrie is an expert accountant and he will make a thorough examination of the books. With Receiver Moore, and A. B. Irvin, this is the third expert who will have examined the books and as is thought, their testimony will be introduced at the trial of Secretary Gates Sexton, who is charged with embezzling the company's funds. The shortage on the books has been further increased by a deficit of \$425, found by Mr. Moore. Mr. Guthrie, who now has charge of the books is secretary of a building association at Shelbyville, besides being president of the National League Association and secretary of the State League Association.

CLUB AT MILROY

The business men of Milroy have organized a Commercial club to boom the town. The officers are as follows: President, W. W. Barton; vice president, W. L. McKee; secretary, E. C. Mahle; treasurer, B. L. Ballenger.

A BAD FIRE AT KNIGHTSTOWN

The Williams and Morris Stores Are Totally Destroyed.

Work Supposed to Have Been That of An Incendiary—Fire Under Control.

(Special to the Republican)

Knightstown, Ind., April 10th.—A disastrous fire, which for a time threatened a large portion of the business section of this city, broke out this morning in the dry goods and gents' furnishing store owned by George W. Williams & Co., and spread rapidly until both the Williams store and A. O. Morris' wholesale grocery adjoining, were a total loss.

The fire was not discovered until 5:15 and at that time the upper story of the Williams' store was a mass of flames. By the time the fire department reached the scene both buildings were in flames. After considerable hard work the fire was placed under control. The fire is still burning and considerable trouble is being encountered in preventing other buildings near at hand from catching fire. The fire is supposed to be the work of an incendiary as there had been no fire in Williams block since Saturday night. The Williams building was the oldest building in town. The exact amount of insurance held by the proprietors of the store cannot be learned at this time.

THE TEAM WORKS WELL TOGETHER

League Candidates Please a Large Crowd of Fans Sunday Afternoon.

The Rushville League team lined up for a practice game Sunday afternoon at the ball park against the Appolos and defeated them by a score of 11 to 0. McCord and Ruby each pitched four innings and showed up in good form. Only one hit was made by the opponents and Fred Heeb scored that one off McCord. Lawrence Geraghty of the high school team pitched the last inning and although a trifle wild showed up well. About four hundred fans were in attendance and they were pleased with the team's work. The men proved that they were all bitters and good base runners. Captain Stubblefield is as fast as a flash and Cullin proved his worth as a utility man. He should be kept by all means. Moore, the new left fielder is fast in the field, but rather slow with the stick. The men worked out as follows: McCord, Ruby and Geraghty, p. Morgan and Cullin c. Pearsey and Ruby lb. Cullin and Kiser 2b. Carter ss. Harold 3b. Moore lf. Stubblefield cf. and Kiser and Morgan rf. There Appolo team was strengthened by the addition of Tompkins and Duffy.

DEATH OF MILTON SMITH

Milton Smith, colored, well known throughout the city, died Sunday afternoon at 3 o'clock of dropsy at his home on East Eighth street. Deceased was 47 years of age and leaves a wife and daughter. He had been sick for about two years. The funeral services will be held at the house Wednesday afternoon at 2 o'clock. The burial will be in East Hill cemetery.

The total length of the railways of the world is stated to be 451,000 miles.

OLD RESIDENT PASSES AWAY

Jacob Barringer, Dies of Paralysis at His Home on Arlington Pike.

Jacob Barringer, one of the oldest, most widely known and respected men in the county, died at his home on the Arlington pike, west of this city Sunday morning at 6:20 of paralysis and old age. He had been gradually declining for some time and the end came peacefully.

Mr. Barringer was born February 2d, 1844, and was 91 years 2 months and 7 days old when he died. He was a son of Christopher and Catherine Barringer and was a native of Pennsylvania. All his life he had been a farmer and he was industrious, honest and a friend to all.

The funeral services will be held at the late residence Tuesday afternoon at 2 o'clock, conducted by Rev. V. W. Tevis. The burial will take place at Concord cemetery.

WILLARD SCHULER SKIPS WITH MONEY

C. H. & D. Employee and Bridegroom Leaves Connersville With \$100.

It has been learned here that Willard Schuler, who left Connersville last Thursday evening, and since has not been heard from, is wanted by the officials of the C. H. & D. railway. It is alleged that the young man has skipped with some of the company's money, amounting somewhere near \$100.

Schuler is twenty-three years old, and is well known here, where he has often visited. He was recently married to Miss Pearl Graham, of Brookville, who visits friends in this city quite frequently. Schuler recently came to this city on Sunday, and became involved in a fight with Frank Smith, who got the better of the argument.

He had only held the position with the railway company little more than a year and was looked upon by his employers as a bright and energetic young man. His friends in this city will regret very much to learn of his wayward act and hope that he will return and rectify his wrong doings if he is guilty. The young man is a son of Mrs. Dora Schuler, who resides on West Sixth street in Connersville and who is a highly respected woman.

ROBBERS HAD CONFEDERATES

That is the Opinion of the People of Blooming Grove—Wounded Man.

People at Blooming Grove, where the shooting took place last Thursday night, now believe that the robber, who did the shooting had confederates, as a buggy was heard to back away. This with the fact that the burglar came north, has caused people to be strengthened in their belief that the Laurel crowd made this raid also. John Kennedy, the wounded merchant and postmaster, still carries the bullet in his neck. Several attempts were made by his attending physician to remove the foreign substance, but as it is lodged down in the neck, the doctor has found it necessary to perform an operation before the bullet can be reached. Mr. Kennedy says it does not bother him at all and has refused to submit to an operation for its removal. The wound has been well cauterized and it is thought that nothing will develop.

THE BIG FOUR AND LAKE ERIE

May Consolidate Their Depots and Traffic in This City.

There is Considerable Speculation as to What the Roads Will do.

There is considerable speculation among the railroad men on the Big Four and Lake Erie roads especially on the divisions which pass through this city, as to what the companies will do now that both have passed under one management.

It is considered almost a certainty that the two roads will consolidate here with a joint agent and one depot. Two weeks ago, Superintendent Blizard of the Michigan division of the Big Four and Superintendent Davis, of this division of the L. E. & W., met in this city and carefully examined the situation and considered the prospects for consolidating the two roads so that they could make a report on the matter to the higher officers of the two roads.

If the two divisions are consolidated the joint agency here will lay between W. R. Coverston, of the Big Four, and W. T. Simpson of the L. E. & W. It is thought that the L. E. & W. station will be abolished altogether or used as a freight station for both roads.

With the resignation of President Ingalls of the Big Four that road passed under the control of President Newman, of the Lake Shore and New York Central lines. The Lake Erie is a part of the Lake Shore. Thus the two divisions here were placed under the same management.

Since the reorganization the officials, with a view towards reducing expenses, have been considering the consolidation plan wherever possible.

The feasibility of consolidating the two stations at Connersville, Milton, and Cambridge City, has been considered and was the subject of a favorable report. At those three places certain steps have already been taken toward accomplishing the end in view. At New Castle there is some talk of consolidation too.

As yet the local situation can only be guessed at, but it is believed that by the 1st of May, when a new time card will probably be issued by both roads, the matter may be definitely settled. The information, however, may be given out sooner or later as best suits the officials.

There is some talk of the L. E. & W., in case the consolidation of the two divisions is affected, putting on a through fast train daily between this city and Ft. Wayne, which will connect with the Michigan division at this point, making a first class connection with Louisville via the Big Four. As yet, however, there has been no official intimation that this will be done.

At present the L. E. & W. is of no benefit to our city, as it takes trade away from Rushville and brings but little in. The local business men and citizens should make an effort to have the Ft. Wayne train put on.

Although no definite information as to the consolidation of the two roads has, as yet, been given out, it is almost taken as a certainty that the matter will be accomplished. Two years ago there was talk of consolidation here, but that matter fell through and nothing more was heard of it. At present, however, the prospects are more favorable considering the fact that it is being done elsewhere and that the two roads are under the same management.

It is possible, on the other hand, that the management of the two divisions may be unable to agree upon the terms of the present proposition and that the deal will not be brought to a close.

Congressman James E. Watson, of this city and C. B. Landis are among the orators selected to address the American club of Pittsburgh at the banquet on Grant's birthday anniversary.

U. P. CHURCH HAS PROSPEROUS YEAR

Report Given Out on Sunday—\$16,000, For Building Fund.

Yesterday morning at the regular church service, Mr. A. C. Brown, commissioner to Presbytery, gave a brief report of the work of the Rushville congregation during the last year. Since last April there have been 25 accessions, and contributions to all purposes amounting to \$3748. In addition to this amount, \$16,000 has been subscribed to the Building Fund. On two weeks from yesterday the congregation will celebrate the 25th anniversary of the first service held in the present building. A special program will be announced later. The work of building the new church will begin in a few weeks.

HAD NEVER THOUGHT OF IT

Fair Association Will Not Buy River Side Park as Stated.

A local contemporary, hardly worthy of being called a newspaper, published a statement Saturday evening under bold head lines and half a column long about a movement started by the Fair Association for the purchase of Riverside Park as a site for a fair ground. Secretary King stated to the Republican this morning that the statement was wholly false and that the Association nor any of its members had never even considered it for a minute and would never do so. So the reader may take the article in the "Mugwump" for what it is worth.

A JOINT DEBATE AT FARMINGTON

Zetophotonian Society Loses Out in the Decision of the Judges.

The Zetophotonian Debating society of this city which participated in a joint debate Saturday night at the Farmington school house with the Farmington society lost out in the decision of the judges and took the small end of the score.

The Rushville debaters, nine in number, drove to Farmington in a bus, leaving this city at 8 o'clock, and returning at 12:30. The subject for the evening was "Resolved, That education is more conducive to success in life than money." The Farmington team consisting of Messrs. Grey, Haskett, and Rife, had the affirmative, and the Zetophotonian team, consisting of T. A. Geraghty, Will Newbold and Tony Schlichte, took the negative. Clarence Cross, Ola Giffin and John Brooks awarded the decision to their affirmative. About eighty people were in attendance.

DEATHS

Mrs. William Harrell, aged about forty-five years, died at her home in Sandusky at five o'clock Friday morning from a complication of diseases. A husband and four children are left to mourn her death. The funeral services were held at Sandusky at one o'clock Saturday afternoon and her remains were interred in the Layton cemetery, near Williamstown.

CONSIDERING A NEW LOCATION

The Bentwood Works May Move Away From This City.

Some Talk of Moving to Kentucky—Hickory is Getting Scarce.

There is some probability, however slight, that the Bentwood works, owned by Reynolds & Clifford, will leave this city and locate in Kentucky.

Last week Messrs. Reynolds and Clifford spent four days in Kentucky, where they visited Lexington, Winchester, Ford, Jackson and other points, considering the feasibility of securing a new location or obtaining timber with which to run their factory in this city.

The plant which manufactures wheel rims and lumber, uses hickory timber almost exclusively. Hickory timber is becoming very scarce in these parts, and Messrs. Reynolds and Clifford find it exceedingly hard to secure enough material to run their plant. It is for this reason that they may seek a new location if they are unable to bring hickory timber to this city at reasonable figures.

When seen this morning, Mr. Reynolds stated to the Republican that as yet the firm was undecided as to what it would do. He said that he did not like to leave Rushville and that the plant would not do so if material could be brought here from other points at a price low enough to insure a reasonable profit. When asked as to his trip to Kentucky he stated that he and Mr. Clifford had been approached at Lexington in regard to locating there, but that nothing was done in regard to the matter. He said the trip was made more for the purpose of looking for timber than for looking up a location. At Jackson a sample car of hickory logs was ordered from S. E. Patton. The timber will be tried and if found suited to the purpose of making rims more will be ordered and if the timber can be obtained at a reasonable price, and the freight rates not too high, the factory will remain here. The light in which the matter is viewed is that, as the firm's business is confined largely to Indiana and Kentucky, it would be almost as cheap to bring the logs here from Kentucky as it would be to ship the rims to Indiana from Kentucky.

The Bentwood works is located just across the Big Four tracks on the north side of West Ninth street. When the plant is running full time, twenty-five men are employed. For the past two years the plant has been running steadily. At present, however, it is shut down for two weeks as wheel rims are not in heavy demand just at this time of the year.

It will be remembered that the hoop factory, operated by Col. Frank, recently left the city for a town in Missouri, owing to the scarcity of hickory timber in this locality.

In regard to the visit paid by Messrs. Reynolds and Clifford to Lexington, the Herald of that city, of issue dated April 7th, says: "Messrs. Reynolds and Clifford, of Rushville, Indiana, were in the city yesterday seeking a suitable factory location, as hickory, used in their factory in making hubs and felloes is getting scarce in Indiana."

RAILROAD NOTES

The west-bound C. H. & D. freight train due here at 10:30 broke in twain Saturday morning near the fair grounds. The engine and a number of cars arrived in town before the accident was discovered.

Another "herald of spring," along with the robin, the blue bird et al., is the abandonment by the Big Four and the C. H. & D. of their through Florida sleepers. Both the Big Four and the C. H. & D. report a prosperous season for the Florida specials, the last of which were those that left Indianapolis Thursday.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.

CAPITAL CITY POLITICS

Bookwalter Is Being Groomed for Another Race for Mayor.

Indianapolis, April 10.—Ex-Mayor Charles A. Bookwalter is coming up strong as a candidate for re-nomination. Bookwalter does not seem to have lost a great deal of caste among his followers aside from a few disgruntled ones who are looking for a good place to land, and it is believed that many members of his own party who voted and worked against him two years ago now have a sneaking feeling that perhaps there was not sufficient reason for giving him the raw end of the deal. At any rate those who have made a careful investigation of the situation with a view to learning who would be the strongest candidate have found a more kindly feeling toward Bookwalter than they expected, and they are inclined to the opinion that he will be a more powerful candidate than ever before. The fact that certain of Bookwalter's former lieutenants seem to have cut him cold will also help him with hundreds of men who knifed him in the last contest. Although the nominations will not be made for several weeks, the way things are shaping up now Bookwalter stands an excellent chance of being renominated.

The radical Bryan element, which seems to be in the ascendancy in the Democratic party in this state, will, it is now generally believed, attempt to secure control of the reorganization. That this may happen is indicated by the undercurrent of opposition to the re-election of Senator W. H. O'Brien of Lawrenceburg for state chairman. The latter is well liked personally and the overwhelming defeat last fall is not attributed to mismanagement on his part, but there is a feeling in many localities that the time has come for new blood to take hold. In the same way the services of Taggart are appreciated generally, but many party leaders express themselves freely that there ought to be new generalship. The welfare of the party, they declare, demands it and they will make a fight for it if necessary. So far no new Richmond with sufficient following to unseat the old crowd has entered the field. Adam Heimberger of New Albany and Michael Sweeney of Dubois county are prospective candidates for state chairman, but they do not have sufficient following to overthrow the present management if it desires to hold on. There is a big element waiting for a leader, however, that properly handled will give a good account of itself, but it is not evident just now what turn affairs will take.

It is said that James L. Keach is about to retire as chairman of the Democratic city committee. Keach was ambitious to run the organization in one campaign and demonstrate that the Democrats under new management could win out and, having succeeded, it is declared that he is anxious to retire. If he is not at the helm it is admitted that Mayor Holtzman will not be as formidable, for his suc-

cess was largely due to the skilful handling of the reins by Keach. It is doubtful if any other man in his party could do as well, as he had peculiar qualifications to meet every phase of the situation as rapidly as it developed. The Taggart forces have not indicated who they want for chairman, but there is no sign of a conflict thus far. Mayor Holtzman is to be renominated by acclamation. He thinks he can win no matter who the Republicans nominate. He will make the race on his record in office, which is in his favor, as it is generally admitted that his administration has been one of the best the city has had in recent years. It is not probable the Democrats will hold their convention before mid-summer, but preliminary arrangements for the campaign are now being made.

Friends of William H. Guirl of Clay City are becoming active in behalf of his candidacy for the Republican nomination for congress in the Fifth district. They have called a meeting for next Saturday at Clay City to start an organization. Every county in the district is expected to be represented. Guirl, it is said, intends to make a hot fight right from the start. It was reported today that State Senator Hendee of Anderson has decided to become a candidate against Congressman Cromer for the Republican nomination in the Eighth.

Typhoid Epidemic Fears.
Lafayette, Ind., April 10.—As a result of drinking infected water from an old well, one member of the family of George Rawles of West Lafayette is dead and six others are critically ill. The well in the yard of the Rawles home has furnished the supply of drinking water for others in the neighborhood, and it is feared there will be an epidemic of typhoid fever in the vicinity.

He Left a Signal.
Goshen, Ind., April 10.—Daniel Bixler a prominent wealthy Noble county farmer, committed suicide by hanging himself in his barn, jumping from a fanning mill and breaking his neck instantly. As a signal to attract the attention of his relatives, he left a lantern burning where it could be seen. He was suffering with a nervous ailment.

Dragged to His Death.
Huntington, Ind., April 10.—William Feasman, a teamster, fell from his wagon seat and was dragged half a mile, head down, the team running and kicking him to death. His head and shoulders were crushed to a pulp.

INTERESTING MEETING

National Council of Women in Session at Washington.

Washington, April 10.—Many women internationally prominent in the movement for the betterment of womanhood and childhood assembled at the First Congregational church Sunday afternoon when the fifth triennial meeting of the National Council of Women of the United States was called to order by the president, Mrs. Mary Wood Swift. Miss Susan B. Anthony, one of the pioneers of the woman suffrage movement, received an ovation. Addresses outlining the purposes of the council were made by Mrs. J. Ellen Foster, Mrs. Mary Church Terrell, Mrs. Kate Waller Barrett, Mrs. Hannah C. Solomon, and Mrs. May Wright Sewall. Mrs. Foster said the legend of the council was "Lead kindly light." This she said means not a standing still, but a moving forward. Every creed, she added, is here in the council and every woman may stand for her own. In no non-Christian country could such an organization have been born, nor in any country except a republic.

LAND FRAUD CASES

Distinguished Defendants Will Be Arraigned This Week.

Portland, Ore., April 10.—During the present week United States Senator John H. Mitchell, Congressman J. N. Williamson and his partner, Dr. VanGessner, and Marion Biggs will be arraigned and on Monday, April 17 Congressmen Binger Hermann will be arraigned on indictments returned by the federal grand jury in connection with alleged land frauds upon the United States government in this state.

Today a motion in abatement in behalf of Henry P. Ford and others was filed on the grounds that John Guis-ton, one of the members of the recent grand jury, is not a naturalized citizen, and that therefore all the acts of the grand jury have been null and void. The indictment to which Mr. Mitchell will plead on Tuesday is the one which involved the copartnership agreement of the law firm of Tanner & Mitchell.

Climax of Series of Riots.

Pittsburg, April 10.—Three men were shot, one probably fatally and one woman was injured in a riot at Schoenville, near McKee's Rocks, Sunday. The rioting was the result of a clash between fifteen detectives and about 1,200 foreign residents of Schoenville. The riot was the climax of a series of smaller riots and fights which have taken place in Schoenville during the last two weeks.

Secured a Quiet Sunday.

Warsaw, April 10.—The Jewish quarter of this city was guarded by a strong military force yesterday. Every policeman on duty at isolated or doubtful points was guarded by two soldiers. The result of this was the first quiet Sunday here since the January disturbances.

NEW MAYOR'S TASK NO DOUBT ABOUT IT

Teamsters' Strike at Chicago Engages Attention of New City Executive.

WANTS TO ARBITRATE

Mayor Dunne Who Entered on His Official Duties Today Seeks Amicable Settlement of Trouble.

The Strike Has Now Extended to Express Drivers and Big Firm's Troubles Are Doubled.

Chicago, April 10.—A determined effort to settle by arbitration the strike of the garment workers and the teamsters employed by Montgomery Ward & Co., is being made.

Judge Edward F. Dunne, who today assumed the office of Mayor of Chicago, stated that one of his first official acts will be to endeavor to bring about an amicable adjustment of the difficulty. Mayor Dunne's idea is to get both sides to the controversy together and appoint a committee to arbitrate the trouble.

While peace plans are being considered the local unions of the express drivers throughout the city have decided to refuse to handle any goods belonging to the firm of Montgomery Ward & Co. The troubles of the big concern were therefore doubled today when they endeavored to transfer their goods to the different railroad freight sheds in the city. The employers, however, declare that they have enough non-union help on hand to take care of all the wagons that will be needed.

SCATHING CRITICISM

Young Rockefeller Gets Stinging Rebuke From Dr. Hillis.

New York, April 10.—In the course of his sermon in Plymouth church, Brooklyn Sunday, the Rev. Dr. Newell Dwight Hillis, referred to the gift of \$100,000 made by John D. Rockefeller to the American board of foreign missions and to Mr. Rockefeller's son. He said in part: "The saddest

REV. DR. NEWELL DWIGHT HILLIS.

words that have been written in this generation were spoken before Brown university by a young man who is to inherit one of the greatest fortunes in this country. They were spoken in defense of the trusts. Listen to them: "The American beauty rose can be produced in all its splendor only by sacrificing the early buds that grow up around it."

"The rose has one thousand buds and in order to produce the American beauty the gardener goes around it with a knife and snips 999, in order that all the strength and beauty may be forced into one bloom. In his economic argument this young man tells the working classes brutally that 999 small business men must be snuffed out of existence in order that his American beauty, the trust, may be produced. Listen to Christ: 'Let the strong bear the burdens of the weak,' and again 'Give and it shall be given unto you.'"

"These words in defense of the trusts are the most heart breaking things in literature to those who know what is going to come in the future. Can you wonder that after that, when a man gives gifts, we have no gratitude to return."

Crazed by Fatal Error.

Chatham, Va., April 10.—As the result of a mistake, Mrs. Fannie Bowe lies dead at her home near Concord Courthouse, nine miles from this place, with a bullet wound through her heart, shot by her own hand; her twelve-year-old daughter Fannie lies dead in the same room from an overdose of strychnine, accidentally administered by her mother in the place of quinine, and her ten-year-old son Cabell is desperately ill from strychnine poison administered in a like manner. Mrs. Bowe, after learning of her fatal error, took both strychnine and carbolic acid before taking her own life.

Inquisitive Tourists Rebuked.

Nervi, Italy, April 10.—Secretary of State Hay is living a very quiet life here. He drives out daily, the weather being fine. Mr. Hay is annoyed by curious tourists coming from Genoa to see him and has refused interviews to all such.

Governor Hanly's Expressed Determination to Enforce Laws Is Confirmed.

"FIRES" POLICE BOARD

Situation at Anderson Required Executive Action and Such Action Was Promptly Taken.

Removal of Police Commissioners Will Have a Salutory Effect in Other Cities.

Indianapolis, April 10.—There is no longer any doubt as to the intention of Governor Hanly to rigidly enforce the laws so far as it is within his power. His action in removing the Anderson police commission will, it is predicted, cause other police commissions to tighten the reins. The governor sent each member of the old Anderson board a set of his resolutions. In substance the resolution charges that the commission permitted members of the police to become intoxicated on duty and failed to discipline or remove them; that the commission permitted open and flagrant violations of the liquor law on week days and Sunday; that the commission permitted gambling in defiance of the law; that the commission permitted wine-rooms, where persons of immoral character and young people congregated; that the commission permitted certain persons to sell liquor unlawfully and punished others for the same crime. Governor Hanly says his action was not prompted in the slightest degree by political consideration, that the members of the old board are his personal friends, but that friendship shall not stand between him and enforcement of the law. The board twice issued orders complying with the policy of the administration, but the governor says it did not last long. To succeed the old board the governor appointed T. M. Houston, former Republican sheriff of Madison county, to serve until 1906; George Lilly, Republican chairman of the Eighth district, to serve until 1907, and Captain Frank P. Foster, former Democratic city attorney, to serve until 1908.

BRUTAL WHITECAPS

They Drag Monroe County Widow From Bed and Whip Her.

Bloomington, Ind., April 10.—Whitecappers, six in number, visited the home of Mrs. Sarah Piler, in Marion township, late at night, and dragged her from her bed, whipping her with whips of hickory. In the tussle that ensued the victim of the assault secured glimpses of them that she says will aid her in identifying them when she is called before the grand jury. It is said that the whitecapping was the result of ill-feeling that exists between Mrs. Piler and her daughters. No other members of the family were molested. The injuries sustained by Mrs. Piler were so severe that a physician was summoned to dress the wounds.

An Interesting Contention.

Valparaiso, Ind., April 10.—A school case at law, brought by a farmer of Porter township, is interesting educators in every part of this and other states. On the decision rests the foundation of the truancy law. Leander Westby had been sending his two children, one seven and the other ten years old, to the township school, but thinking that they were not making the progress they should, he took them out of the school and started one of his own, installing his daughter, nineteen years old, as the teacher. The truancy officer brought action against Westby to compel him to return his children to the township school, but he paid no attention to the action, and in consequence was fined. The farmer has now appealed the case to the circuit court, and if Westby maintains his position it is set up that the truancy law will be annulled.

Young Woman's Shocking Mishap.

Noblesville, Ind., April 10.—An unfortunate accident befell Kate Underwood, the seventeen-year-old daughter of Frank Underwood, which will disfigure her face for life. While looking for a solution in which to bathe her face, she took an unlabeled bottle from the shelf which contained carbolic acid and, thoroughly saturating a rag with the acid, began rubbing it over the skin. Her hands and face were fearfully burned.

Girl Burned to Death.

Fort Wayne, Ind., April 10.—Bernadette Draker, fifteen years old, was fatally burned while she was burning trash in her father's yard. Her clothing became ignited and her body was burned to a crisp before her aunt could smother the flames with a rug that she caught up as she ran to the screaming girl. Miss Draker's mother died ten days ago.

Mine Merger Projected.

Terre Haute, Ind., April 10.—Negotiations are being made which will probably terminate in the merger of seven big mines in and around the Linton district some time this week. It is said the object of the merger is to form a strong company able to operate independent of the big combines.

HOPES OF RUSSIA
Are Based Upon Belief That Big Naval Battle Is Impossible.
CAN EITHER AFFORD IT?
The Risk to Both Belligerents Is Such That It May Offer a Means For Peace Negotiations.
St. Petersburg Figures That Admiral Togo Will Be Placed Between Two Fires.
St. Petersburg, April 10.—There is reason to believe that Vice Admiral Rojstvensky's entrance into the China sea has been followed by orders for the cruisers Grombol, Rossia and Bogatyr, which have been ready for some time at Vladivostok, to put to sea. Whether it is the intention to send them south immediately or to hold them in the vicinity of Vladivostok is not known. Their appearance outside the roadstead of Vladivostok would constitute a potential threat against Admiral Togo's rear which will compel the retention in or dispatch of a number of heavy fighting ships to Japanese waters. Thus Admiral Togo seems to be virtually placed between two fires.
The peace influences in the government urge that this favorable strategic position presents the psychological moment for offering officially the olive branch to Japan, reasoning that no matter how confident the Japanese government may be of Togo's victory, it cannot overlook the possibility of defeat nor fail to appreciate the complete disaster which would follow the transfer of the mastery of the sea to Russia. With so much depending upon the issue, they argue, both countries have mutual interests in avoiding an actual test, and it is not impossible therefore that a new move in the direction of peace may come just as the world expects to hear the call to quarters for the greatest naval battle of modern times. Certainly the spirits of the war party have been greatly raised by Rojstvensky's success in penetrating to the China sea; and the prospect of a naval battle, even with the odds against a Russian victory, which would change the entire complexion of the situation, has aroused something like a flash of enthusiasm in many Russian breasts.
Some naval officers express the opinion that Rojstvensky, having now safely navigated the straits, instead of sailing north to meet the Japanese, can afford to calmly await Vice Admiral Nebogatoff with his division of the squadron, who could arrive there in about three weeks.
The Russian admiralty on Sunday received a long dispatch from Singapore, but no intimation as to its contents has been given to the newspapers. The papers Sunday morning printed Singapore dispatches without comment, the Soviet being the only exception. This paper views the news from Rojstvensky as an auspicious prelude to a decisive battle, "which may show that over Rojstvensky still shines the happy star which helped him, when a lieutenant to save the fragile Vesta in an unequal conflict with a Turkish battleship." The Soviet expresses the hope that Rojstvensky is destined to turn the tables and that even in case of defeat some of his vessels will be able to break through and reach the Japanese sea.
Whereabouts Unknown.
Singapore, April 10.—Fifty-one ships of Admiral Rojstvensky's Pacific squadron passed here Saturday. The most important fighting vessels of the squadron, including the battleships Kniaz Souvaroff, Alexander II, Borodino and Orel, with their complement of cruisers, torpedo boats, destroyers, etc., did not arrive and their whereabouts are unknown.
CONSIDERABLE LOSSES
Sustained by Russians in Recent Brisk Skirmishes.
Tokio, April 10.—The following report has been received from the army headquarters: "April 5th at 2 o'clock in the afternoon one battalion of the enemy's infantry and six companies of cavalry came and attacked Tsushu, twenty miles north of Changtu. They were repulsed. On the following day twenty-four companies of the enemy's cavalry with several guns renewed the attack. They were again repulsed. The main force of the assailants retreated toward Pamen-cheng. A portion stopped near Choro, three miles north of Tsushu. Our casualties were ten. No officers were included.
"The enemy's loss, judging from the corpses left behind and from the number of carts carrying wounded killed, were over sixty."
Still Quiet at the Front.
St. Petersburg, April 10.—Under date of April 8 General Linavitch reports no change in the situation at the front.
Caught at the Crossing.
Ardmore, I. T., April 10.—Moses Simmons and M. S. Mary Pearer, young people, were killed at a railway crossing here Sunday, their buggy being struck by a freight train.

BAD BREATH, LIKE A BAD CHARACTER
Brings Social Ostracism and Suffering in the Keenest Degree.
Popularity is hard to gain—easy to lose. Keeping one's breath sweet and free from disagreeable odor is paramount.
Dyspepsia and indigestion bring social ostracism. Even sincere friends cannot conceal their aversion if your breath is foul.
Bad breath is the inevitable result of stomach trouble—indigestion and dyspepsia.
Rexall Dyspepsia Tablets are a quick, pleasant cure. One tablet relieves the conditions. The use of this wonderful remedy for a few days will cure the most objectionable case, and make the breath sweet and pure.
"I SUFFERED FOR MANY YEARS."
"It gives me great pleasure to testify to the merits of Rexall Dyspepsia Tablets. I have suffered for years and years with dyspepsia and stomach trouble. I was bothered with a sense of fullness after eating, headaches, dizziness and general weakness, accompanied by vile breath and gnawing pains in the region of the heart. After taking one box of Rexall Dyspepsia Tablets I found great relief and am now fully cured. I can heartily recommend Rexall Dyspepsia Tablets to all who suffer with dyspepsia."—Thomas Hancock, 27 E. Second St., Dayton, O.
We guarantee Rexall Dyspepsia Tablets. Try them. If you are not more than satisfied, we will cheerfully refund your money. 25 cents for a full-sized package. Only at our store or by mail.

Mrs. O. C. Hackleman, who is sick at her home on North Harrison street, is reported not so well today.

Mrs. Edward Snyder, who recently underwent an operation at Sexton's sanitarium, is improving steadily.

Mrs. U. G. Beaver, who recently underwent a severe operation at Sexton's sanitarium, is improving nicely.

Mrs. P. J. Smelser, living north east of town, has a broken rib the result of a fall at her home one day last week.

Homer W. Cole has embarked into the furniture polish business and makes a polish which is first-class in every particular.

Hargrove & Mullin have on exhibition in their store a sponge filled with mustard seeds which have sprouted and which are growing nicely.

The Shirley bottle factory still remains closed down. The strike several days ago of the boys employed there, has not been adjusted.

Mayor Hall was able yesterday to drive to Raleigh for a visit with his father, W. S. Hall. He reports him as being about the same in condition.

Alvan Lucas, aged 59, living on the John Power farm, two and one-half miles south of town, has two teeth which are coming in, entirely new. Dentists declare that this is something remarkable.

The high school base ball team defeated the Shelbyville school team here Saturday afternoon by a score of 4 to 2. McGuire, the local pitcher struck out fifteen men and only allowed three hits which were kept well scattered.

The Gamewell police system will not be installed in Shelbyville. There has existed in Shelbyville a question as to the advisability of this system, because of the fact that the building of the city hall occasioned the city to contract a large indebtedness.

Delbert Stewart, who for the past few days has been critically ill with appendicitis at the home of Mrs. Anna Cox, North Morgan street, was removed to Sexton's sanitarium this morning, where he will undergo an operation tomorrow morning.

Shelbyville Democrat: J. H. Meltzer, the gas well driller, completed a gas well last week for John Miller, of Walker township, Rush county. The well is one of the best in that section of the county, and shows a pressure of three hundred and five pounds. Mr. Miller will have his entire house fitted with natural gas for both fuel and light.

Greensburg Review, Saturday: Sheriff Stinger and his deputy, of Brookville, were here today and took Joseph Goldstein, the Russian Jew, charged with attempting to wreck a Big Four train, back to Brookville with them, and the man will be tried in the Franklin county courts, as the attempt, it was later learned, occurred in the edge of Franklin county.

Connersville Examiner: A gentleman from Montreal, Canada, is in the city with a view to locating an important manufacturing concern here. The details of the proposition were not in such shape as would warrant their publication today, but it is enough to know that there is reason to believe that the concern will come here and that it will give employment to a hundred or more men.

In last Saturday's daily it was stated that a new organ at the Ben Davis Creek Christian church was secretly removed recently in the night. An official of the church stated to the Republican today that the organ in question was ordered removed some time ago, but the order not being complied with, the trustees removed the organ to the Stringtown school house across the road. The organ was not removed secretly, but openly in day time, and it was the order of the trustees of the church.

County Clerk Posey today received a number of volumes containing the new acts passed by the recent Legislature. There are about fifty of the cast and each book contains about 830 pages. The county clerk, as soon as he receives the books, sends a receipt to the secretary of State. As soon as the secretary has received a receipt from each of the ninety-two counties the governor then issues a proclamation declaring the laws in effect. It is thought that each county in the State will be supplied by the 18th of this month.

The Cambridge City Tribune says: Lake Erie and Big Four officials were Monday, arranging presumably for the union of their interests at this place. At places where these two companies hold property jointly there is a disposition to consolidate the work, but the peculiar condition of affairs existing at Connersville and this city makes the problem an intricate one for solution. That portion of the Lake Erie from Beesons to Connersville and the Big Four between here and Beesons, appears at present the enigma, inasmuch as this track is of no value in the contemplated changes and which the management would like to abandon.

Dr. F. D. White, of Connersville who for the past six months has most efficiently filled the position of Circulation Manager and solicitor for the Daily Republican severed his connection with the paper Saturday evening and returned to Connersville, where for the next two weeks he will work on the school enumeration. At the close of that period he will become solicitor for the Brookville American of which Ed J. Hancock, formerly of this paper, is publisher. During his stay here Dr. White made many friends who regretted to see him leave. Dr. White has laboriously and honestly built up the circulation of the Daily Republican until it has the largest of any daily in the city as the lists of the other two will plainly testify. Especially is this so of one paper in particular which has had its hammer out for Dr. White ever since he struck the city. Probably the editor of that organ will now rest easy since Dr. White has gone. Dr. White was formerly connected with the Indianapolis Journal and is one of the best solicitors in the state. He has our best wishes for success in his new field.

We had a genuine April shower this afternoon.

The Cella Commission Co., over Poe's jewelry store give the government report on the condition of winter wheat as follows: April 1st, 91.6 against 82.9 Dec. 1st, 1904, and 76.5 Dec. 1st, 1903.

The West End base ball team defeated the Hill Top nine Sunday at the West Third street grounds by a score of 15 to 13. Batteries: West-end—Lucas and Vansickle; Hill Tops—Caldwell, C. Stiers and Maxey.

Congressman James E. Watson has telegraphed to the Insular bureau of the War Department asking on what conditions he can arrange to take a friend with him to the Philippines on the coming trip planned by Secretary Taft. Congressman Crumpacker has made similar inquiries for his son, who desires to accompany him. As the Taft party will occupy only about one-fourth of the Pacific steamer's accommodations there is no objection whatever to taking these outsiders along, only they will have to pay their own expenses, which are estimated at about \$500 for the trip.
